Boston Museum of Science

Firefly Scientists!

<http://www.mos.org/node/99657>

22:35

Entomologists Dr. Chris Cratsley and Dr. Kristian Demary talk about their research and the beginnings of the citizen science project Firefly Watch helped them (FF Watch has since moved to Mass Audubon).

Radio Lab, Season 1, Episode 3

Emergence

<http://www.radiolab.org/story/91500-emergence/>

01:00:36

This Radio Lab explores the question, "What happens when there is no leader?" Sub-topics: Asian fireflies flashing in synchrony; ant colonies working in unison; E. O. Wilson explains how he discovered pheromones; ants and positive feedback loops; queen bee tragedy. (Entomological topics run a ½ hr).

iHeart Radio
